August 3, 2020

Dear Skaneateles family,

Thank you for all of the input and feedback we received throughout our back to school planning process. In order to ensure proper staffing, transportation, and allocation of resources in the coming school year, we need to have more accurate information about which option you intend to select and we need your help.

We are reaching out to ask that you discuss options for the 2020-2021 school year with your family over the next few weeks and commit to the choice most appropriate for your children in the coming year. Please use the following link [Selection/Commitment Survey for 2020-2021 school year](#) to access our survey.

Survey information and final selections are required by August 14th, and we request that you commit to the selection for at least 10 weeks.

We know that this is an important decision for all of our families and we appreciate your participation throughout this process.

Stronger together,

Eric Knuth
