10/26/2020

Dear Skaneateles family,

I am reaching out with an update to the recent COVID-19 concerns at the high school. At this time each student and staff member identified as possibly coming into contact has been identified and called by high school staff. While specific contact information was shared with the Onondaga County Health Department, our understanding at this time is that the contact tracing process continues. For those already contacted by high school staff, you should hear from Onondaga County Health directly some time before the end of the day. Only those contacted directly by the high school or Onondaga County Health should refrain from attending school.

For the rest of our school community all operations will continue as normal beginning tomorrow, Tuesday, 10/27/2020. If you haven't been contacted directly by either the high school staff or the Onondaga County Health Department, please plan on resuming your normal schedules tomorrow.

Thank you for your continued patience and understanding. As always, we will continue to share updated information as it becomes available.

Stronger together,

Eric Knuth
Superintendent of Schools
