April 9, 2021

Dear Skaneateles family,

Today we learned of an additional COVID-19 infection at State Street. In accordance with guidance from the Onondaga County Health Department, 11 students and one staff member were placed into precautionary quarantine. All of the impacted families have been contacted and there are no additional disruptions to operations expected at this time.

I want to thank our families for your continued vigilance and participation in both our athletics testing and our community testing programs. We know for certain that early detection identified several completely asymptomatic students and drastically limited the number of individuals placed into precautionary quarantine by the county this week.

If you have concerns about exposure or are seeing any symptoms at all, please keep your child home until you are able to secure a negative test result. Thank you all for your continued efforts in keeping our school community safe.

Stronger together,

Eric Knuth
Superintendent of Schools
