

**Here at Skaneateles CSD Food Service Department, we take food allergies very seriously and continuously work to make a safe and healthy environment for all students!**

**We currently have policies and procedures in place for all the common food allergies (peanuts, milk, gluten, etc.), as well as guidelines for accomodating less common food allergy issues.**

**If your child has any allergy to a certain food, please have your doctor send a note, including food(s) to be omitted, to the school nurse. The school nurse will forward this information to the cafeteria. If a substitution is necessary, please be as specific as possible (ex: acceptable brands) so that we can adhere to their particular restrictions and provide your child with the best care.**
