A Message from the Superintendent

Dear SCS Parents and Community Members - Welcome to the 2017–18 school year! Each year we welcome with great anticipation the students back to campus for another year of learning and exciting opportunities that will foster their personal growth. Each year we also seek to improve on our ability to foster that learning and to provide even more beneficial opportunities for our students to grow across the six Dimensions of Wellness. It is our responsibility to make sure that we are working in partnership with all of you to build the next generation of scholars and citizens that are increasingly capable of solving the complex challenges that our world presents. I have every confidence that we can meet the responsibilities and the challenges in front of us with an active, forward leaning partnership! Thanks so much for your support, your collaboration, and your willingness to join us in this work.

Kenneth G. Slentz

PROJECT 2021

On November 14, community residents will be asked to vote and our next capital project – **Project 2021**. By replacing items such as roofs, windows, doors, boilers, and lighting that are deteriorating/failing, we can improve the efficiency, safety, and security of our buildings. Further, by thoughtfully renovating some of our existing spaces, we can create learning environments that are more conducive to the types of learning required of current and future students.

For more information on this project, please see our **Project 2021**
Quick Link on our website at www.skanschools.org.

Please support
our schools
on Tuesday,
November 14th.

Protocols for Information, Questions, and Suggestions

Timely communication is a critical component of a successful partnership with our students, families, and community. Whether you are seeking general information, have specific questions about your child's progress, or have suggestions for improving what we do, communicating with the individual closest to the area that you are addressing will often help expedite effective communications. Our chain of command communication structure can help you navigate the schools, the district office, and the various program areas, and is posted on our website at www.skanschools.org on the district page.

Skaneateles Central Schools Partners

Endowment Fund

The SCS Endowment Fund awards scholarships to promising high school graduates headed to accredited colleges and universities in the United States. The scholarships are based on academic merit, teacher recommendation and overall student participation.

Because the SCS Endowment Fund is administered by a not-for-profit foundation, donations are tax deductible. Individual contributions may be earmarked to support specific areas of academic pursuits. An increase in principle means a corresponding increase in our community's capacity to grant scholarships.

Contact Connor Brown, District Treasurer, for more information.

***Help a Skaneateles Tradition grow...
invest in the SCS Endowment Fund!***

The Skaneateles Education Foundation empowers teachers to dream. It gives teachers the tools to inspire students with robotics, hydroponics, art, theater, science, poetry and technology.

This community cares deeply about education. The Skaneateles Education Foundation gives community members a direct way to enrich our schools by strengthening the curriculum and expanding the resources available to students and faculty. Learn more and consider making a tax-deductible gift.

Visit www.skaneatedfoundation.org or contact Heather Carroll, Executive Director, at 315-291-2212. Every gift helps!

Parent Teacher Committees (PTC)

Skaneateles Central Schools is fortunate to have active PTC groups that enhance the educational experience of our students by providing funds and time to support programs, events and resources in all of our schools. Parents, guardians and teachers are all encouraged to attend the regular meetings that are scheduled throughout the year. For the most up to date events and meeting dates, go to the web page of each school, and click on the PTC link.

Please continue to support the PTC in their fundraisers!

Partners in Music

SCS has tremendous partners in music education thanks to members of the SCS Music Boosters and the Skaneateles Music Guild. Dedicated members of both groups recognize that music education is a key to success in society, school and life. They provide funding, programming, and people-power to give our students the best possible opportunities.

In part because of these strong groups, the Skaneateles Central School District has been recognized by the NAMM (National Association of Music Merchants) Foundation for outstanding commitment to music education with a Best Communities for Music Education designation for six years in a row. The Best Communities designation recognizes collaborative, from-the-ground-up efforts of teachers, administrators, students and parents who continually work to keep comprehensive music education as an integral part of the core curriculum.
