COMMUNITY: The Skaneateles Central School District is centered on Skaneateles Lake, often referred to as "the jewel of the Finger Lakes." The district includes the historic Village of Skaneateles and several townships nestled throughout the rolling hills. The district's most important natural asset, however, is a highly engaged and educated community of people who support education, the arts, athletics and a thriving education foundation (Skaneateles Education Foundation). As a result, Skaneateles students embrace learning from kindergarten through graduation. About 18 miles southwest of Syracuse, the school district has close to 1,322 students (and about 8,900 residents – 2,700 in the village).

SCHOOL: The high school's 490 students are academically competitive and high performing, as well as community-service oriented. Nationally recognized for excellence, the high school offers a wide range of curriculum with approximately one hundred courses, ranging from Regents level to more rigorous Honors, College Level, and AP classes in all major academic areas.

GRADUATION OUTCOMES: 1) Effective Communicators 2) Effective Goal Achievers 3) Critical and Creative Thinkers 4) Collaborative Contributors 5) Quality Producers

CURRICULUM: A more detailed description of courses is available in the Skaneateles High School Program of Studies Guide which can be found on our website.

Onondaga Community College: English Composition and Literature, Business 101, Mathematics of Business & Finance

SUNY Albany: Participation in Government, Economics

SUNY Oswego: French, Spanish

Honors Courses: English (9, 10), Science (Biology and Chemistry), Math (Geometry, Algebra II and Trigonometry, Pre-Calculus)
WEIGHTING AND RANKING:
Using a three-tiered weighting system, we will report a weighted GPA along with an unweighted GPA on the high school transcript. However, we do not report rank in class for our students. The decision not to report rank is based on both extensive research and the fact that we do not think rank is in the best interest for all of our students, considering the highly competitive nature of our high school. Our goal is to encourage our students to focus on taking the most rigorous courses that fit with their specific academic needs and college goals, and to continue to foster an environment that encourages a life-long love of learning.

Weighting System:  High School or Regents Level 1.0
                Honors and XL Core Courses 1.03
                AP and College Level Core Courses 1.05

GRADE POINT AVERAGE:
All credit bearing courses are included in the GPA calculation. An unweighted GPA is calculated for each student at the end of their junior year. The GPA distribution seems to be a fair means of determining a student's standing in his/her class, given our school's competitiveness.

**Covid-19 Educational Plan**

*From March 18, 2019 through the remainder of the 2019-2020 school year, students participated in fully remote instruction. Teachers continued to use our pre-existing grading scale (0-100) and there were no final assessments in any curricular areas, at either the state or local level. For the 2020-2021 school year, the majority of our students are participating in a hybrid model, attending school in person two days per week, and utilizing an electronic platform three days per week. Students were also given the option for fully remote learning and we have a small percentage participating in this model.*
