CERTIFIED PUBLIC ACCOUNTANTS PLLC

Board of Education
Skaneateles Central School District, New York

In planning and performing our audit of the Statement of Cash Receipts and Disbursements of the Extraclassroom Activity Funds of the Skaneateles Central School District as of and for the year ended June 30, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered Skaneateles Central School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Statement of Cash Receipts and Disbursements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of Skaneateles Central School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible.* The chance of the future event or events occurring is more than remote but less than likely.
- *Probable.* The future event or events are likely to occur.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, Board of Education, others within the organization, and New York State Education Department and is not intended to be, and should not be, used by anyone other than these specified parties.
