July 21, 2020

Dear Skaneateles family.

On July 16, our back to school task force comprised of students, parents and educators met at the high school to share information and collaborate on plans to improve the quality of online instruction in the coming school year. At this meeting we shared the results from our initial survey included here [Digital Learning Survey Results](#)

Our task force members worked in focus groups representing both a K-5 and a 6-12 perspective. Each group reviewed survey data, discussed observations, and provided additional feedback which will guide and focus our professional development and instructional goals in the coming year. The results of their work can be found here [Task Force #1 Notes](#)

We look forward to sharing the product of our work and involving the community as plans will constantly evolve throughout the summer.

Stronger together,

Eric Knuth
 Superintendent of Schools.
