Dear Parent,

As an upcoming senior, there are many things your son/daughter will have to think about. One very important detail is the senior portrait for the yearbook. You will be contacted by many photographers regarding this issue. The purpose of this letter is to inform you of the specifications that need to be followed in order for your son/daughter's portrait to be published in our yearbook.

Your son or daughter must have a picture taken and a color digital via our **Google form to the school by October 15, 2025. Please pay close attention to this deadline!** The pages containing the senior portraits go to the publishing company to meet the first deadline in late October. The sooner we receive the portrait, the better.

If you are using one of the photographers listed below, the photographer will send us the picture. Forward the "Photographer Google Form" to your photographer if they are listed below.

For live links, visit Skaneateles High School Library home page.
